

## ELEMENTARY SCHOOL K-6

- backpack
- lunchbox
- reusable water bottle
- barn boots
- indoor shoes
- bug spray
- sunscreen
- adhesive lint roller (tick checks)
- school shirt
- extra set of clothes (to keep at school)

### Sensory Sensitive Children

- noise cancelling headphones
- any special tools that would promote a positive learning environment as recommended by their practitioner or therapist

*While 2nd Nature Academy does make accommodations to meet the individual needs of its students, we do not furnish special tools intended for the use of specific students and prescribed by a therapist or medical practitioner.*

Most lower school classroom supplies are provided by the school and used communally within each classroom. The school selects age/grade appropriate tools that best meet the developmental needs of each student. While students sometimes wish to purchase personal supplies, it will be up to the teachers' discretion as to whether or not these personal supplies may be used in class.
